

Team,

MISPER friend Brooke DAVIS has been in contact – she was on Snapchat when Haley appeared very briefly on SnapMaps.

Brooke captured a screenshot of the map with Haley's location as seen on SnapMaps. This map seems to suggest the last known location was Bramley Train Station.

Haley has since stopped sharing location through Snapchat altogether.

Confirm and communicate any additional lines of enquiry for investigators to consider based on this information.

Kind Regards,

DI McFadden

Westshire Police
