

Team,

Contact has been made with MISPER friend Brooke DAVIS, who had reported to the mother that Haley had not attended college yesterday.

She has made us aware of a new relationship Haley started with an unknown older male within the last two months.

Haley had kept this relationship and the identity of this person a secret, only confiding in Brooke when she saw a romantic comment exchange on an image Haley posted on Instagram. Haley referred to him only as N. when confronted by Brooke.

Include this information in your initial strategy and identify any additional lines for investigators to consider.

Kind Regards,

DI McFadden

Westshire Police
